

## BURST HOSE IS AGAIN MENACE AT FATAL FIRE

Searching for Bodies of Two Victims in the Ice-Coated Worth Street Ruins.

MANY NEAR TO DEATH.

Eglinton and McConnell Killed and Twelve Others Injured as Floors Give Way.

Gangs of 150 workmen in the employ of the Building Department went into the ruins of the five-story building at Nos. 43 and 45 Worth street today and began a search for the bodies of fireman Thomas R. Eglinton, of Truck No. 10, and fireman John J. McConnell, of engine No. 4, both of whom are believed to have been buried in the collapse of the building which followed the fire late yesterday.

There is no hope that either of the men is alive. Two days may be consumed in the search for their bodies. Even could they have survived the fire of the building they would have been frozen to death in the ice-coated ruins.

While the fire was at its most critical stage the rotten hose that has come into the possession of the fire department, and which caused such heavy loss of life at the recent Parker Building fire, began bursting. Four lines burst in rapid succession and before new hose could be got into place the fire had gained great headway. The hose, like that at the Parker fire, did not appear old, but was made of bad material.

Had there been no bursting of hose the chances are there would have been no loss of life and that the fire would have been under control before the building began to crumble and fall.

Of the twelve injured men under the falling walls and floors none is expected to die, but all are badly hurt. The injured are:

Many Firemen Victims.

CAPT. ANDREW SWEET, No. 11 Oliver street, Truck No. 10; internal injuries.

LIEUT. JOHN W. BURMAN, Truck No. 8, No. 308 East Eighth street; fractured ribs, internal injuries.

CAPT. JOHN DOONAN, Engine Company No. 4, No. 85 Morton street; contusions of back and internal injuries.

WILLIAM ROBINSON, Engine Company No. 10; contusions of body and possible internal injuries.

JOHN T. MCKEOGH, Truck No. 8, No. 312 West Eleventh street; scalp wounds and contusions of body.

JOHN KIRK, Truck No. 10, No. 585 Forty-ninth street, Brooklyn; fractured ribs and contusions of body.

JOSEPH J. HUGHES, Engine Company No. 4, No. 110 Techow avenue, Brooklyn; back injured and cuts about face and legs.

JOSEPH GEBHART, Engine Company No. 4; contusions of shoulder.

CHARLES GAVIN, Engine Company No. 1; cuts and lacerations.

DANIEL SULLIVAN, Engine Company No. 4; scalp wound.

GEORGE SACH, Truck No. 10; shock.

DANIEL TULLY, Engine Company No. 4; No. 119 South street; scalp wounds and internal injuries.

Almost the last man to be brought out, Thomas Kirk, of Truck No. 10, said that when the safe went down he saw Eglinton and McConnell under the safe and Eglinton fell with it. Kirk was pushed to one side by a projecting beam before he landed in the cellar, but Eglinton was directly under the safe when Kirk lost consciousness.

First Wedding Anniversary.

Eglinton lived at No. 380 Eighteenth street, Brooklyn, and joined the Fire Department on Oct. 10 last. He lived with his wife, who is in a delicate condition, and yesterday was the first anniversary of their wedding. Mrs. Eglinton is now with her sister, Mrs. James Kinsella, at No. 36 Eighteenth street, and her condition is serious. When told that her husband had fallen off the truck she exclaimed:

"He is dead; he is dead; and you are trying to keep it from me!"

Mrs. Eglinton had tried vainly to dissuade her husband from becoming a fireman, but it had been the dream of his childhood years and his desire to pass his examination was so great that he would not be dissuaded by her protests.

Two hours the battle was a desperate one. Great volumes of thick smoke rolled out the windows in the rear, where men stood by the fire escapes pulling streams of water into the burning building. Three minutes was the longest time a fireman could stand against the out-rushing smoke cloud. Then he was relieved, choking and gasping for breath.

Safe Caused Collapse.

Chief Croker, who had been on the roof of the burning building for nearly two hours, roaring out his orders, sent men up the ladders and into the third story about 8:30 P. M. Capt. Andrew Sweet and nine men of Truck 10, crammed up the ice-coated rungs and were followed by Capt. Doonan and his men of Truck 8 and some pipemen from engine 4. There were seventeen all told on the third floor when Capt. Sweet, near the front window, started shouting:

"Floor's going. There's a safe here. The fire had eaten into the beams underneath the heavy safe and it dropped through, carrying with it to the cellar a tremendous mass of beams and timbers in which a dozen firemen were entangled. Twenty firemen of Truck 1 under Lieut. Kelly, jumped in on the ground floor through the ice-laden into the cellar. One of the first men to be brought out was George Sach, of Truck 10. After Dr. Baxter the department surgeon had revived him, he said:

"We had just started to work with our pikes among the boxes with which the loft was filled when Capt. Sweet cried out and I heard a crack and saw a beam falling alongside me. I grabbed it and was carried down, and that I remember."

Sach directed the firemen in their search for the others, and all except Eglinton and McConnell were carried out.

Chief Croker estimated the loss at \$200,000 but others placed it as high as \$500,000.

## ONE VICTIM OF FIRE LAST NIGHT IN WORTH STREET.

## RHINELANDER WILL IN WITHOUT OPPOSITION.

Son, Cut Off With \$5,000 a Year, Enters No Objection to Probate.

When Surrogate Beckett called the will of William Rhinelander for probate today no one appeared in opposition, and the will, which cut off the eldest son with only \$5,000 a year, while T. J. Oakley Rhinelander and Philip Rhinelander, his other sons, will divide the \$500,000 estate on the death of their mother, will be admitted to probate.

William C. Rhinelander, the eldest son of William Rhinelander, angered his father by marrying a girl he did not like.

It was thought that W. C. Rhinelander would fight for a more equal share in his father's millions, but he has apparently abandoned the idea.

## Lungs and Throat Cured

Mr. J. P. Swords, of Washington, D. C., Who is 70 Years Old, Praises Duffy's Pure Malt Whiskey for Curing Him of Lung and Throat Trouble.

In a recent letter Mr. Swords wrote: "I am an old soldier of 70 years. My trouble is with my throat and general debility. Have read a good deal about Duffy's Pure Malt Whiskey and the good it has done many. While I hesitate to have my name in print, I cannot refrain from giving my testimony regarding the great benefit I have received from the use of Duffy's Pure Malt Whiskey. During the last two years my lungs and throat have given me much trouble. Taking Duffy's Pure Malt Whiskey according to the directions on the bottle I found helped me wonderfully. It is a fine tonic for building up the system."

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

Sold by druggists, grocers and dealers or direct, \$1 a bottle. Write Dr. R. Curran, Consulting Physician, for a free illustrated medical booklet containing a few of the many convincing testimonials received from grateful men and women who have been cured, and free advice.
